**Name of the Course: COMPUTER APPLICATION AND LIBRARY  
INFORMATION SCIENCE**

**Objective of the Course:-**

- i) To make the students computer literate.
- ii) To help the students to enhance their computer skill.
- iii) To make the students aware about the E- resources.
- iv) To make the students aware about digital learning/ E-learning.

**Course Outcome:-** The followings are the expected outcomes of course:-

The students will be able to learn the basics of the computer application along with the practical use of various operating systems like GUI Based Operating System. The course will teach them about the means of E- communication and collaboration. Besides these, they will be able to learn the use of Word- Processing Software, Spread Sheet, Power- Point, Adobe Photoshop etc. both theoretically and practically. The various aspects of HTML will also be taught in the course. Along with the various aspects of computer application, the students will be able to learn about the latest trend of digital learning/ E- learning. The students will be able to learn about the various open access platforms for E-learning which help them in their academic career.

**Mode of Evaluation:-**

After completion of the course the students will have to appear a practical examination along with vive. According to their performance different grades will be awarded to the students.

Grades	Literal meaning	Grade Points
A++	Outstanding	Marks 90% and above
A+	Excellent	Marks 85- 90%

### SYLLABUS OF COMPUTER APPLICATION AND LIBRARY INFORMATION SCIENCE

**Duration: 30 Hrs**

#### **COURSE CONTENTS:**

**Duration**

**hrs**

#### **1. Basic Computer Knowledge hr.**

**1**

- a. Introduction to computer.
- b. Components of Computer System.
- c. Concept of Hardware and Software.
- d. Concept of Data, Information and Records

#### **2. Operating System using GUI Based Operating System. hrs.**

**2**

- a. Basic of Computer Network.
- b. Internet, WWW
- c. Web Browsers, Search Engine, Address Bar, URL

#### **3. Communications and Collaboration. hrs.**

**2**

- a. Basics of E-mails.
- b. Using E-mail
- c. Document Collaboration

#### **4. Understanding Word Processing. hrs.**

**3**

- a. Introduction
- b. Word Processing Basics.
- c. Opening, Closing, Saving, New, Save-As, Printing document etc.
- d. Text Creation and Manipulation
- e. Text Formatting
- f. Table Manipulation

**5. Using Spread Sheet.  
hrs.**

3

- a. Introduction
- b. Elements of Electronic Spread Sheet.
- c. Manipulation of Cells.
- d. Formulas and Functions
- e. Opening, Closing, Saving, New, Save-As, Printing sheet etc.

**6. Using PowerPoint  
hrs.**

3

- a. Introduction
- b. Define Slides.
- c. Design, Animation (Text/Slides), Creating/ Adding Photo, Tables etc.
- d. Opening, Closing, Saving, New, Save-As, Slide Presentation etc.

**7. Adobe Photoshop  
hrs**

5

- a. Introduction
- b. Formats
- c. Tools
- d. Opening photo and Creating new document
- e. Save, Save as, Printing Documents etc.

**8. HTML  
hrs**

5

- a. Introduction
- b. Webpage, Website, Notepad, Using Coding, Tags and creating Web Page

**9. ICT & Information literacy  
hrs**

2

- a. Introduction of Information & Communication Technology
- b. Role of ICT in the Academic Development of the Society
- c. Role of ICT in the Library
- d. Information literacy : concepts, Need and objectives

**10. Open Access Initiatives & Digital resources  
hrs**

4

- a. E- resources : what it is
- b. Types of E- resources
- c. Advantages of E- resources
- d. Open Access Initiatives
- e. Open Access E- resources

**Course Name: An Introduction to Instrumentation Techniques in Chemistry**

**Contact Hours: 30 (Credits=02)**

**Full Marks= 50 (Theory= 40, Practical=10)**

**Objectives of the Course:** The courses about Instrumentation Techniques has high demand in different fields including industries like Pharmaceuticals, Petrochemical, Food Processing and also popular in Research and Development. The main objectives of this course are to develop a strong knowledge on basic instrumental techniques and to make them familiar with various instruments which are widely used in the different fields of Chemistry.

**Mode of Evaluation:-**

After completion of the course the students will have to appear a written examination along with practical examination. According to their performance different grades will be awarded to the students.

Grades	Literal meaning	Grade Points
A++	Outstanding	Marks 90% and above
A+	Excellent	Marks 85- 90%

**Syllabus of An Introduction to Instrumentation Techniques in Chemistry:**

  
Principal  
Joya Gogoi College  
Khumtai, Golaghat

### Unit I: Introduction

Principles of Instrumental analysis, concept of sampling, accuracy, precision and sources of error in analytical measurements. Presentation of experimental data and results, significant figures.

**Lectures: 2    Marks- 4**

### Unit 2: Chromatographic Techniques

Basic Principles, application and instrumentation, Qualitative and quantitative aspects of chromatographic methods of analysis: paper chromatography, TLC, Column Chromatography, Gas Chromatography, HPLC, Industrial Application

**Lectures: 8    Marks- 10**

### Unit-3: Thermal Methods of Analysis

Theory of thermo-gravimetric (TGA), basic principle of instrumentation. Different Techniques for quantitative estimation of metals from their mixture. Basic Principles of Differential Scanning Calorimetry (DSC).

**Lectures: 5    Marks- 6**

### Unit-4: Spectroscopic Techniques

Fundamental laws of spectroscopy and selection rules, validity of Beer-Lambert's law.

UV-Visible Spectrometry: Basic principles of instrumentation; Sampling techniques, basic principles of quantitative analysis: estimation of metal ions from aqueous solution,

NMR Spectroscopy: Basic Principle and Instrumentation

Mass spectrometry: Basic Principle and Instrumentation

Atomic Absorption Spectroscopy: Basic Principle and Instrumentation

**Lectures: 10    Marks- 15**

### Unit-5: Microscopic Techniques

Basic Principle and Instrumentation of Scanning Electron Microscopy (SEM), Transmission Electron Microscopy (TEM), Atomic Force Microscopy (AFM).

**Lectures: 5    Marks- 5**

Suggested Applications (Any one) (Either from **Group- A** or **Group-B**)

**Marks- 10**

#### Group-A

1. Determination of pH, acidity and alkalinity of a water sample.
2. Determination of dissolved oxygen (DO) of a water sample.

## Group-B

Suggested Instrumental demonstrations (Any one)

1. Spectrophotometric Identification and Determination of Caffeine and Benzoic Acid in Soft Drinks.
2. Prepare a report on Instrumentation techniques and their application.

**Course Name: Vocational Course on Food Processing and Preservation**

**Duration- 3 Months**

**Total Credits- 50**

**Objective of the Course:**

The objective of the course is to give training of all aspects of food processing to unemployed youths specially to local women for entrepreneurship development in food processing sector and to encourage them to establish their own food processing units so they get a source of income of their own.

**Mode of Evaluation:**

The mode of evaluation for this course is based on the food prepared by the students after each theory and practical session as per the syllabus. The resource persons involved in this course will give the feedback on the quality of food prepared as well as preservation methods and thereafter will be graded.

**Syllabus of the Course:**

**Unit I: Introduction**

Basic for food preservation, Scope and importance of processing and preservation of locally available fruits and vegetables in the present-day scenario, Selection of fruits and vegetables in respect of the preservation.

**Credit-10**

**Unit II: Preservation**

Method of preservation, PPM celebration and nutrition, terms used in Food processing and preservation.

**Credit-10**

**Unit III: Pickle making as a mean of income generation**

Preparation of chilli pickle, Lemon pickle, Brinjal pickle, outenga pickle, Garlic pickle, Amla pickle, Olive pickle, Rupohi Thekera Pickle, Papaya Pickle, Chicken Pickle, Preparation of Sweet Chatni, Mixed fruit jam, Jam of Pineapple, Guava Jelly, Preparation of Lemon Candy, Ginger Candy, Ginger powder making, Preparation of squash.

**Credit-10**

#### **Unit IV: Traditional Assamese snacks preparation**

Preparation of Narikal laddu Tekeli pitha, Gur pitha, Anguli pitha, Preparation of Narikal laddu from process flour, preparation of pitha from processed rice powder. **Credit-10**

#### **Unit V: Fruits and Vegetables**

Medicinal properties of fruits and vegetables, role of fruits and vegetable in health and disease, importance of mushroom in health and disease, value addition of Tapioca to plain flour, plain chips, Rava. **Credit-5**

#### **Unit VI: Industrial Integration**

The potentiality of small-scale industries in Assam with special reference to rural area, the concept of demand and supply and its issues and challenges, Government loan process, Label preparation, Demonstration of A.A.U. Pitha stand, utensils used in food processing and preservation, packaging. **Credit-5**
